- And more.....

Kyle Blakeman, our dear friend and classmate at ThunderRidge High School, was diagnosed at age 13 with a very rare cancer, Renal Medullary Carcinoma. Despite his long and courageous fight, Kyle passed away at the young age of 15. Kyle's strength and courage has inspired us all. Please join us for a day in the park to celebrate Kyle's life and raise awareness and funding to help fight Childhood Cancer.

Admission by heartfelt donation ♥
